

SALLY

Essential Skills Project

Multi-Service Centre - 2010

Sally's Story – in her own words

My experience in the Essential Skills program was excellent. I received all the help I needed.

It was very helpful in providing all the skills that you needed for finding a job. It provided me with a job and assistance with going back to school.

The teachers in that class were very helpful and did an excellent job. They were also very friendly.
